NX-6500

Green Wireless Optical Mouse

Genius introduces the latest NX-6500. A newly released energy efficient wireless "Green Optical Mouse". The “Green Optical Mouse” uses an infrared sensor reducing drive voltage and allowing the mouse to function at a lower power consumption level. Using only one AA battery, you can use the mouse for up to 18 months*. Rely on the power indicator to tell you when it’s time to replace battery.

The bi-directional 2.4GHz anti-interference technology ensures a reliable working distance of up to 10 meters. Enjoy responsive cursor control and effortless scrolling. The rubber hand grip design on the sides provides comfort and ease of use.

NX-6500 comfortably fits your on-the-go lifestyle and your Ultrabook and computer. It is available in three colors: Metallic Gray, Red and Silver.

* Battery life may vary based on usage and battery conditions.
